

REOPENING QUESTIONS

Vol. 4 - Screening

HASD is planning to allow all students to return for in-person instruction on August 25, 2020.

Families are asked to screen their students every morning before coming to school.

If your student is displaying symptoms – please keep them home from school.

1. Check in with your child each morning for signs of illness.

- If your child has a temperature of **100.4 degrees or higher**, they should not come to school.
- Make sure your child does not have a **sore throat or other signs of illness, like a cough, shortness of breath, diarrhea, severe headache, vomiting, inability to smell/taste, or body aches**. Students with these symptoms should not come to school.
- If your child has had **close contact** to a COVID-19 case, they should not come to school.
- Contact your health care provider.
- Notify the school office of your student's absence by email or phone.

2. Make contingency plans for your family.

- Have a **plan in place** in the likely event of **school closures** due to COVID-19.
- HASD and other schools may face closures if/when students display symptoms related to COVID-19.
